Updated by	In case of an SOP update, add the person responsible for such an update
Updated on	In case of an SOP update, add the date of such an update

Introduction

This section presents the basic idea in the context of previous and upcoming procedures.

Purpose

Description of the main purpose of the SOP. Linked to the introduction section.

The direct goal includes the measures and key activities to be processed.

Procedure

Individual steps are supported by precise formulations if needed. Finally, the steps are listed concerning the mentioned goal.

Critical points and unstandardized situations

Lastly, the critical points and possible solutions are mentioned to provide a comprehensive understanding of the problem, SOP. These must be handled individually and are part of the empirical training focused on problem-solving, empathy and advanced customer care.
